

The Men's Ministry of Zion Lutheran Church
Invites you to the
November Men's Breakfast

Mr. Richard Botkin
Author

In his new book, "Ride The Thunder," author Richard Botkin tells the amazing true story of the remarkable collaboration between U.S. Marine Captain John Ripley and South Vietnamese Marine Major Le Ba Binh. In the process, he vigorously dispels the notion that the military situation in Vietnam was lost, even as American war correspondents and policy makers were surrendering to the winds of political and economic pressure.
