

Technology at Zion Lutheran School

Preparing our students to be 21st Century Learners...

RESOURCES

WORLDBOOK ONLINE

www.worldbookonline.com is our online subscription to the complete World Book encyclopedia plus multimedia, web links, periodicals, and more. (home access: LOGIN ID: zionhome / PASSWORD: zionhome)

GRADELINK www.gradelink.com (4th & 5th grade online grading system) Student logon credentials will be distributed by your homeroom teacher. Be sure to set-up your email alerts!

EASYTECH www.learning.com We use EasyTech's curriculum to help introduce computing skills which are reinforced through classroom projects using Microsoft Office applications.

ROSETTA STONE www.rosettastone.com/schools New this year, we have the unique opportunity to provide the world's number one language learning program to our students (K-8).

Grades 3-4-5 Technology Highlights

What is 21st Century Learning? "Twenty-first-century learning involves enabling today's students to be academically competitive in global situations; good citizens within their community, country, and world; and effective within their workplace. It means that education must engage new technologies, equip students with rigorous academic coursework, and foster innovation and creativity."
(pearsonschool.com)

Questions, please contact Pam Thomas, IT Coordinator/Computer Teacher at pthomas@zlcs.org 😊

At Zion Lutheran School, we strive to provide your child with the skills they need to succeed in the 21st Century.
