Grades K-1-2 Technology Highlights

What is 21st Century

Learning? "Twenty-first-century learning involves enabling today's students to be academically competitive in global situations; good citizens within their community, country, and world; and effective within their workplace. It means that education must engage new technologies, equip students with rigorous academic coursework, and foster innovation and creativity."

At Zion Lutheran School, we strive to provide your child with the skills they need to succeed in the 21st Century.

K-1-2 Grade Focus Skills:

- Mouse & computer basics
- Introduction to keyboards
- Word processing basics
- Beginning graphics
- Computer navigation
- Web browsing basics
- Online safety

NOTE: Kindergarten students begin technology classes during the 2nd semester. This allows a little more time for students to acclimate themselves to school before introducing the technology component.

"For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11
